

Module: Intermediation and Financial Institutions

Lecturer: Ph.D. Konrad Rojek

Semester: Winter/Summer

Hours: 15

Type: Lecture

Credit: Final papers

ECTS: 6

The lecture's goal is to present the key questions of intermediation and financial institutions on different segments of financial markets, especially on banking and investments funds sectors. During the lectures special attentions will be given to such problems as:

1. Structure and function of financial system.
2. Banks as financial intermediaries
3. Investment funds: position of investment funds in the financial intermediation system, types and activities of investment funds on the Polish financial market.
4. Pension funds: the structure of the Polish pension fund system and importance of pension funds on this market.
5. Insurance companies: legal grounds for insurance activities and the role of insurance companies in market economy.
6. Directions of development of financial intermediation in Europe.
7. The importance of financial intermediation for economic development.
